

3.0 Transmission oil for MINI manual transmissions

Note:

This transmission requires no oil change for the entire service life of the transmission.

After a repair on the manual transmission, the specified lifetime oil should be used.

If the transmission has to be replaced, the transmission oil can also be changed to production date 09/2006.

The sticker on the transmission is decisive.

The transmission oil "MTF-LT-3" is marked by means of a blue sticker.

The transmission oil "MTF-LT-4" is marked by means of a yellow sticker.

Oils must not be mixed with one another.
